

ENVIRONMENTAL POLICY STATEMENT

Castle Hayes Pursey LLP is committed to understanding the relevance of environmental control and the need to manage all aspects pertaining to environmental matters:

- Materials can be easily regenerated.
- Materials are not hazardous to the environment in production or disposal.
- Buildings are energy efficient.
- To implement our environmental policy and to comply with all current environmental legislation.
- Review the environmental performance of all Castle Hayes Pursey LLP establishments on a regular basis.
- Take environmental issues and factors into account in planning new activities.
- Improve the environmental impact of the company's activities.
- Provide adequate resources and training to support the policy.

To ensure that the company's environmental commitments are met, Castle Hayes Pursey LLP will seek to implement a documented Environmental Management System (complying with BS EN 14001) that encompasses all its activities.

Our Objectives:

- To implement our environmental policy and to comply with all current environmental legislation.
- Take environmental issues and factors into account in all new projects.
- Provide adequate resources and training to support the policy.
- To implement practical improvement measures.
- To establish and maintain an effective Environmental Management System.
- To encourage our employees to make their own contributions in minimising environmental impact.
- To raise environmental awareness within our company and with our clients.
- To make responsible contributions to public policy development and practical environmental regulation.
